BILINGUAL?

¿BILINGÜE?

**Are you really prepared
for a safety inspection
if you're unable to
communicate with
people who don't
speak English?**

Nope,
I really don't need anyone to
translate anything. We get by with
just basic eye contact. Hum, but
that safety inspection
might be a problem.

LANGUAGE IS UNIVERSAL!

If "diversity" means "variety," then nothing is more diverse than the subtleties and nuances of language!

Not all people speak English, or Spanish, or Italian, or German, or French, or Russian, but . . .

do you have the immediate resources and "know how" to bridge the communication gap, especially when it's necessary to address time sensitive deadlines, and complex technical issues ranging from healthcare to IT to immigration and more?

Over the years, we've worked with a diverse range of clients representing a variety of ethnic groups, races, and nationalities, and we know how to successfully "relate and communicate," because that's what we do extremely well. **Language is not our barrier!**

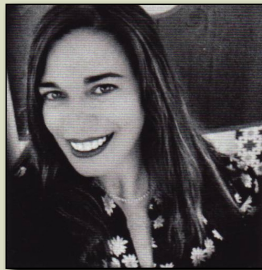

We kindly request an opportunity to discuss our diverse services, which includes but is not limited to: translation, interpreting, community services, and personal services.

Equally important, we can create uniquely proprietary services, which are exclusive to your company or organization.

Of course, Accento Translating is confident our exceptional interpreting services will exceed your requirements.

We look forward to the possibility of working together and contributing to the success of your organization.

Please do not hesitate to reach out to us at your convenience.
